

THE LAWS OF SCIENCE SUPPORT CREATION

OUTLINE – SESSION 16

1. Scientific Evidences conform well to Creation Model
 - A. Now consider WHY Evolution does not happen
 - B. Violates at least 5 Laws of Science
2. Law of Cause and Effect (Fundamental law of science)
 - A. Law states: “No effect can be greater than its cause”
 - (1) First Cause must be an Eternal, omnipotent, God
 - (2) Greater than anything in Universe
3. Violates 1st Law of Thermo, i.e., Conservation of energy / mass
 - A. Energy can neither be created nor destroyed, but can change form
 - B. Someone had to create Original matter and energy
4. Violates Second Law of Thermodynamics
 - A. Physical systems, left alone, tend toward disorganization – (opposite of “E”)
 - B. So, “E” and 2nd Law (Entropy) oppose each other
 - (1) 2nd Law proves Universe had a beginning
 - (2) First Cause that created energy, matter, and time = GOD
5. Arguments against 2nd Law by “E”s
 - A. 1st Arg: Law applies only to “closed systems” – so excludes Earth
 - (1) Why? Sun supplies energy to open earth system
 - (2) But, an open system does not by itself generate growth without new Information
 - B. Evolutionists cite examples where order increases
 - (1) Growth of crystal or Growth of seed into tree or plant
 - (2) Truth is: Entropy increases in “open” system also
6. Examples of 2nd Law in your life
 - A. Frictional resistance to motion
 - (1) Energy to overcome friction becomes “unavailable” energy
 - (2) All processes tend to slow down and stop
 - B. Aging and death of individuals
 - C. Decay and extinction of species
 - D. Wear (result of friction)
7. Law of Biogenesis: “Like ‘Kinds’ produce like ‘Kinds’”
 - (1) Cows make cows, Giraffes make giraffes, Potatoes make potatoes
 - (2) Never seen evidence to disprove this in recorded history
8. Law of Irreducible Complexity (*Darwin’s Black Box* by Dr M Behe)
 - A. Complex structures can’t be explained by small improvements over time
 - B. Law of Irreducible Complexity says human cell could not evolve
9. Summary: the laws of science clearly tell us Biological Evolution can’t occur
